A photograph of a small potted succulent with thick, rounded, light green leaves. The plant is in a terracotta-colored pot filled with dark soil. A white, rectangular favor tag is tied to the plant with a thin, light-colored string. The tag features the text "LET" in a small, black, sans-serif font at the top, "love" in a large, elegant, black cursive script in the middle, and "GROW" in a small, black, sans-serif font at the bottom. The background is a soft-focus indoor setting with a blue and white patterned object visible on the left.
